Just think of it! A fine crayon picture worth \$10, given away with every \$10's worth of goods at Mrs. S. A. Haffey & Co.

Now is the time to use hog cholera medicine, before your hogs get sick—Beard & Beeler.

In October we are returning to Hartmann for trial under a strong guard.

It is not a positive evidence against Gray and only a meagre chain of circumstantial evidence, with many missing links.

Owing to the pressure of sentiment and public opinion, however, the jury found him guilty and sentenced him to the penitentiary for life.

Since that time the position of the people has changed.

While in the Louisville jail, Gray was submitted to the severest tests by the finest detectives in the land, among them being the noted Yankey, Bligh, and he said that by neither look, action or word could he see anything that would indicate Gray's guilt, and that it was his opinion that he was innocent.

A few weeks ago a petition was filed with the governor for the pardon of Gray was put in circulation and it was signed by almost every prominent citizen in the country, and it was denied.

Precinct No. 5 is known as Paynesville with voting place in Payneville, No. 8 is known as Cedar Branch precinct and the voting place at or near the residence of Gandy.

Precinct No. 9 and 10 in District No. 4 No. 7 precinct is known as Wolf Creek precinct with voting place in Wolf Creek.

No. 10 is known as Concordia precinct with voting place in the Town of Concordia.

We truly believe De Witt's Little

Earl Risers, to be the most natural

and most prompt and economical

method for illuminating and inactive houses.

Take your money and go to Short & Hayes, Cloverport, and Beard & Beeler.

Gray is a pleasant, open-faced, and honest-looking darkey, and has no appearance about him whatever of being a bad man.

It is the opinion of everybody that he has been a much wronged man, and it is not true that he is perfectly safe in the hands of his country.

Everybody thinks that Gov. Brown did right in giving him his liberty.

Who the murderer of Emily Davis was

is there are circumstantial evidences

that would come nearer fastening the guilt upon other persons than Gray.

JOE GRAY PARDONED.

THE ONCE ACCUSED MURDERER
OF EMILY DAVIS RETURNS
HOME.

BELIEVED TO BE A BADLY
TREATED MAN, AFTER HE
HAS LOST SEVEN YEARS
OF HIS LIBERTY.

Who Is the Murderer?

Because of receiving a pension from Gov. Brown, Joe Gray, colored, was released from the Eddyville penitentiary Sunday morning, and he arrived in this city Monday.

This revives in the minds of the people of Frankfort the history of the most atrocious crime that was ever committed in this state.

The Delightful Walks.

Another Burrell is a nearly old citizen, who lives in the town of his country. He was in the ground recently and commented as follows:

"I saw some young people walking every night. The girls encircled their partner's waists with crimson, red, white, and blue ribbons. They were against those of men, or into virgins' breasts, breast against breast, nose against nose, toes against toes. Now go again in making a sound like a porcupy, derry, porchy, riedy, porchy, poachy, pic-h-h. They the Indians in jail for indulging in such dance. It couldn't be worse our walks!"—Breckenridge Enter-

CLOVER.

There is hardly a dissenting report through the months of April, May, June, and July as to the excellent crop of both clover and timothy, which makes the prospect good for an abundant supply of hay. Clover 100 per cent.; timothy, 80 per cent.

FATIGUE.

In some localities are getting short from dry, hot weather, but up to the present time are unusually good—104 per cent.

CORN.

The corn crop is just in the stage to be cut short for want of rain. Crop was planted late, and the ground in many localities is very hard, caused by the excessive rain in the spring, but when it has been well worked looks well, and it is reasonable for the next two or three weeks, the crop will be good—93 per cent.

GATES.

The finest crop of oats that has been raised in this State for many years has just been harvested. The acreage is not large; there has not been enough threshed yet to estimate the yield per acre.

HEMP.

The reports from hemp-growing counties are very unfavorable. The growth is short, and in many places will not be worth cutting. The price has been so low for several years that the farmers are losing interest in it. 60 per cent.

SUGAR HUMMUS.

The crop not very large; planted late, but in very good condition; 77 per cent.

FRUIT.

Apples and peaches will show a good per cent, in comparison with last year's crop, as last year's crop was very small. A few counties report a very large per cent. by reason of the fact that the year's crop is larger than it really is. The effect of the April frost is causing all kinds of fruit to fail. Apples, 70 per cent.; peaches, 62 per cent.

Very respectfully,
NICHOLAS McDOWELL,
Commissioner.

A Night In Pekin.

The Louisville, St. Louis & Texas and Hardinsburg & Western railroads will, in connection with the Louisville & Nashville R. R., run an excursion from all points of the line to Cincinnati and return August 21st, at the low rate of \$5.00 for the round trip. This is an opportunity that should be taken advantage of and will afford the greatest chance ever offered of witnessing Pal's Pre-eminent Pyrotechnic production of "A Night in Pekin," as well as visiting the Zoological Gardens, which is the largest and most complete in America; in addition to Base Ball games between the Cincinnati club and several eastern clubs.

MONTHLY CROP REPORT.

OFFICE OF THE COMMISSIONERS OF AGRICULTURE, HORTICULTURE AND STATIONERY, FRANKFORT, KY., AUG. 1, 1892.

WEAT.

In my report for the month of July I say that our State has been greatly blessed, that a kind Providence has smiled graciously upon us; our crops, up to this time, have been average; and I don't suppose we ever equalled in the State, the yield being in some sections unprecedented. There are some reports of smut, though not so bad as anticipated. In some localities threshing has been retarded by excessive rain, and the grain is sprouting. I asked Dr. Echols for a few words on the subject, and great correspondence did not notice the question particularly, and gave the condition instead. I will ask the question again in my August report. Our State has made great improvement in our wheat crop, from two main causes, First, the preparation of the ground for seeding; second, we are more particular in growing good wheat.

In reviewing the reports on tobacco, I have to say that they are somewhat conflicting, and are different in different localities. In the counties of Spencer, Shelby, Henry, Franklin, Owen Scott, Woodford, Bourbon, Mercer and others, I would mention the complaint of unseasonable rains, the plants are stunted. Judge Payton told me that was what he observed in his section of the State.

Ten days since I made a trip through the counties of Washington and Nelson, and noticed some fields of tobacco in which there were some plants ready to top, and others down in the clouds, and not much prospect of doing any good before the first frost. The condition of the crop is reported better.

One of my correspondents from Trigg, Hon. Wm. Wharton, a gentleman well informed, writes, the tobacco well advanced and is of good leaf growth; promises to be an average crop; rains too frequent. Counties of Estill, Jackson, and Fayette, same as above. But, from a general view of all my correspondents, I must say the prospects for a good crop are not very promising. Per cent. 88.

MAJOR STANTON ASKS FOR A PASS.

The Queer Rhymed Letter From the Author of "Moneyless Man"

Gen. Echols

Railroad officials get all sorts of requests for passes, but the one written by Major "Moneyless Man" and enclosed with Gen. John Echols, President of the Newport News and Mississippi Valley road, is a gem. The novel communication is in rhyme. Gen. Echols was reading it over yesterday in the presence of a reporter.

"Major Stanton" said he, "was on my way to New Orleans for a vacation, and I had great trouble in getting a pass. I did not notice the question particularly, and gave the condition instead. OHIO COUNTY.

(Hartford Herald.)
Mr. Alvin Duke, Louisville, is spending his vacation with his father's family in Ohio.

Mr. J. S. Coleman returned Saturday from Dawson Springs, where she and Dr. Coleman have been for some weeks. Dr. Coleman remains there, and is much improved in health.

While walking home Saturday, Miss Tuttle Pendleton was overcome by heat, and for many hours her life was almost despaired of. She has since had the constant care of her father, and is much improved to-day, and her early recovery is hoped for.
